Note: All prices are exclusive of VAT/GST. The VAT/GST shall be handled by the purchaser using the Reverse Charge Mechanism.

This software is installed as an add-in application for Autodesk AutoCAD, Civil 3D, or Map 3D versions 2018 to 2023, under Microsoft Windows 64-bit operating

License Type: Single installation on one computer

License Duration: 1 year

License Renewal: The renewal of license is not done automatically. An email notification will be sent to you 14 days before the expiry date of the license, so that you can purchase a new one.

License Activation: The activation of infraWizard is done using a license key that is related to the computer name. You will receive simple instructions for obtaining your license key through the online license registration portal.

License Transfer: When you obtain a license key for a certain computer name, this name remains locked for 60 days before you can change it through the online panel to transfer the license to another machine. However, in case you need to transfer the license within the 60 days period, you may contact infraWizard support team and they will help you to do.

You can make a purchase using one of the two following methods:

Online Store

You can make a purchase using credit/debit cards issued by Visa or MasterCard through the online store at <https://infrawizard.com/store>.

This is the recommend purchase method, since you will get the order details immediately after the purchase to proceed with activating your license.

Bank Transfer

You can make a purchase using a bank transfer. To do so, send a request to sales@infrawizard.com to issue you an invoice with the required type and number of licenses. The bank account details will be provided in the invoice so you can proceed with doing the wire transfer.

The order details to be used in license activation will be sent to you within 24 hours after receiving the transfer.
